7. 1973 Ski Nautique \$6000

I am selling my neighbor's Ski Nautique. They recently moved to the bay area and have no need for the boat. The boat has been out of the water for 2 years now and needs only minor work before it is ready for water again. The interior was recently reupholstered and a + pioneer sound system was installed. This is one of the hardest pulling ski boats that i have ever used! It has a motor. Comes with Bimini top, trailer, and several extras. Motivated to sell, all offers considered

NOTE: The owners really do not want to part with the boat but understand that they cannot use it at their

current location. Being so, if the new owner ever wants to sell the boat, the current owner wants first choice for buy back and will pay the purchase price plus any money that the new owner puts into the boat if the new owner keeps their receipts

8. 1984 Ski Nautique \$6000

Ski Nautique/ Trailer. 18Ft 9in, It has a ford. Boat is in good condition. Interior is White, blue and grey, the bottom of the boat has been re-fiberglassed. Comes with a pair ski, 3 innertubes, several life jackets, Several ski ropes different lengths and much much more. It does however need a fuel pump dollars from any parts store. I bypassed the pump and it ran just fine. Im asking If you have any questions
